

AultSaveRx is AultCare's newest transparency tool. This online technology platform is used to maximize value with member prescription transactions.

Members search for their prescribed drug and compare the best pricing option, including the insurance plan price and the best available market alternative.

## **Employer Portal**

Employers can:

- View plan level savings and ROI reports
- View complete plan claims and search activity to identify savings opportunities
- Alert members of savings via email or notification

## **Savings Opportunities**

- It is estimated that 88% of prescription fills that occur within a plan are filled through a less than optimal channel
- With AultSaveRx, members discover an average savings opportunity of \$31 per fill
- 22% of savings opportunities come from in-plan options

## 330-363-6360 | 1-800-344-8858 www.aultcare.com

The AultSaveRx platform accounts for the total cost of the prescription, identifying the source of lowest cost to both the member and plan.

This program takes into account the member's specific plan design and progression toward deductible and out-of-pocket maximums to deliver an accurate estimated member responsibility.
