What is a formulary and why is it necessary?

The formulary is designed to provide value, covering the most cost-effective and clinically appropriate medications in each therapeutic class. The formulary includes adequate options in each therapeutic category, including most generic and preferred brand medications. Medications not listed in the formulary are not covered. If the patient meets certain criteria, their physician requests an exception, and the exception is approved by AultCare, the non-formulary medication is covered at the non-preferred benefit level.

How do I access an online copy of the formulary?

[Click here](#) or scan the QR code, then click on the appropriate pdf under Formularies.

How can I search for my specific medication once I have accessed the formulary?

Hold the 'CTRL' button and letter 'F' at the same time to use the 'search' option to find your medication. Additionally, there is an alphabetical list at the end of the formulary.

PHARMACY FAQ

What is step therapy?

Step therapy is required for certain classes of medications. For this, you must first try a step 1 medication, and confirm that it is ineffective, before a step 2 medication is covered. When filling your prescription, the system will check the medication for step therapy requirements. If your pharmacy history shows you have tried a step 1 medication in the recent past, the step 2 medication may be filled. If not, the pharmacist will contact your doctor to explain next steps.

What does the abbreviation(s) next to some medications mean?

QL – Quantity Limitation

PA - Prior Authorization

ST - Step Therapy

E – Excluded/Medication Not Covered

What is a prior authorization?

Prior authorization (prior approval) is required for certain medications, as determined by a team of physicians and pharmacists. Your physician, or authorized prescriber, must provide the clinical rationale for prescribing the medication. AultCare will review the information provided, along with the patient's history, and either approve or deny the request. If approved, you may proceed with filling your medication. If denied, you will receive notice that the medication is not covered and be informed of your rights to appeal. Prior authorization is necessary to ensure that the most cost-effective and clinically appropriate medications are covered by the plan.

What is a quantity limitation?

Quantity limits are meant to lower the risk of overuse. Quantity limit rules are based on:

- Food and Drug Administration (FDA) approved uses.
- Manufacturer's instruction.
- Accepted or published clinical recommendations.
- State or federal regulations.

Quantity limitation link

[Click here](#) or scan the QR code, then click the Quantity Limits link.

What does the number next to the medication mean?

This is the tier where the medication falls in your pharmacy benefit plan, equal to which tiered copayment or coinsurance will apply.

Why is my cost more than my benefits copayment?

A generic medication will be dispensed when available unless your physician specifically requests a brand name drug. However, if you request that a brand name drug be dispensed, you will be responsible for the difference between the maximum allowable cost of the generic and the brand name drug. This difference is not covered by your plan, and these expenses will not count toward your deductible or out-of-pocket limit.

How can I find medications that are considered preventive and covered at no cost?

Please [click here](#) or scan the QR code, then click on the appropriate pdf under Preventive Services.

How can my pharmacy or physician reach AultCare to assist them with my prescription?

Call 330-363-6360 or toll free at 1-800-344-8858.

Notice of HIPAA Special Enrollment Rights

We would like to take this opportunity to advise you of an important provision in your health care plan. To participate, you must complete an enrollment form. Dependent upon which specific plan you wish to enroll in, you may have to pay part of the premium through payroll deduction.

Additionally, HIPAA requires that we notify you of the "Special Enrollment Provision".

Special Enrollment Provision

Loss of Other Coverage. If you decline enrollment for yourself or for another eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within **30** days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within **30** days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or to obtain more information about the plan's special enrollment provisions, contact your AultCare Service Center at 330-363-6360 or 1-800-344-8858.

Procedures for Requesting Certificate of Creditable Coverage/Certificate of Health Plan Coverage

HIPAA requires that plan sponsors and/or insurers provide a Certificate of Creditable Coverage/Certificate of Health Plan Coverage (HIPAA Certificate) to each individual who requests one, so long as it is requested while the individual is covered under the AultCare Health Plan or within 24 months of the individual's coverage under the AultCare Health Plan ending. The request also can be made by someone else's behalf for an individual. For example, an individual who previously was covered under the AultCare Health Plan may authorize a new plan in which the individual enrolls to request a certificate of the individual's Creditable Coverage/Health Plan Coverage from the AultCare Health Plan. An individual is entitled to receive a Certificate upon request even if the AultCare Health Plan has previously issued a Certificate to that individual.

Requests for Certificates should be directed to AultCare Corporation, Attn: Member Services, P.O. Box 6910, Canton, Ohio 44706-0910 or by calling your AultCare Service Center at 330-363-6360 or 1-800-344-8858.

Telephone requests are accepted only if the Certificate is to be mailed to the address the plan has on file for the individual to who the request relates. Other requests must be made in writing.

All requests must include:

- The name of the individual for whom the Certificate is requested;
 - AultCare Group Number and Identification Number
-
- P.O. Box 6910 | Canton, OH 44706
 - PHONE: 330-363-6360 | TOLL FREE: 1-800-344-8858
 - TTY LINE: 711
 - WEBSITE: www.aultcare.com

- The last date that the individual was covered under the plan;
- The name of the participant that enrolled the individual in the plan; and
- A telephone number to reach the individual for whom the Certificate is requested.

Required written request must also include:

- The name of the person making the request and evidence of the person's authority to request and receive the Certificate on behalf of the individual
- The address to which the Certificate should be mailed.
- The requester's signature

After receiving a request that meets these requirements, the plan will act in a reasonable and prompt fashion to provide the Certificate.

(Note: A preexisting condition exclusion does not apply to enrollees of AultCare plans that have renewed effective January 1, 2014 and after.)

The Certificate of Creditable Coverage/Health Plan Coverage can be used as proof of loss of coverage.
