

# Optum Rx<sup>®</sup> Vigilant Drug Program

**Non-essential drug strategy**

Effective Jan. 1, 2025

The Vigilant Drug Program helps you manage your pharmacy benefits with greater precision by giving you the flexibility to choose whether to limit access to certain categories of drugs, including new ones whose clinical and financial value are not yet fully established.

This approach takes medication quality and affordability to the next level.

**Non-essential drug strategy\*** – Excludes select products that are available in the market but may not be approved by the U.S. Food and Drug Administration (FDA) or are deemed non-essential by the Optum Rx Pharmacy & Therapeutics (P&T) Committee. These high-dollar products offer little clinical value versus other well-tested, FDA-approved agents.

In this document, brand-name medications are shown in UPPERCASE (for example, CLOBEX). Generic medications are shown in lowercase (for example, clobetasol).

\*Programs are also available for clients who prefer prior authorization rather than an exclusion strategy.

## About Optum Rx

Optum Rx is a pharmacy care services company helping clients and more than 65 million members achieve better health outcomes and lower overall costs through innovative prescription drug benefit services, including network claims processing, clinical programs, formulary management and specialty pharmacy care. Optum Rx is part of Optum®, a leading information and technology-enabled health services business dedicated to making the health system work better for everyone. For more information, visit [optum.com/optumrx](https://optum.com/optumrx).

### Strengthen your clinical program strategy

To learn more about Optum Rx formulary and clinical programs, contact your Optum Rx representative or send an email to [optumrx@optum.com](mailto:optumrx@optum.com).

Optum Rx specializes in the delivery, clinical management and affordability of prescription medications and consumer health products. We are an Optum® company – a leading provider of integrated health services. Learn more at [optum.com](https://optum.com).

All Optum trademarks and logos are owned by Optum, Inc. in the U.S. and other jurisdictions. All other trademarks are the property of their respective owners.
