

CONGRATULATIONS

Michael Roberto

*From Lisa Vojtush, RN, MSHS, CPHQ
VP of Quality Management, AultCare*

Michael is the third person across the Aultman foundation who has achieved this certification. We are very proud of his achievement and his continued dedication to quality improvement for our organization and community"

- ★ The CPHQ credential is the international “gold standard” for the healthcare quality profession.
- ★ The CPHQ demonstrates a specific healthcare quality skill set and knowledge base that can make a difference in improving outcomes across the care continuum.
- ★ Successful CPHQ candidates must show a mastery of topics such as organizational leadership, health data analytics, performance improvement, patient safety and population health strategy.
